

CBHA Event Announcement

September 14, 2021

CBHA's 4th Annual Mental Health First Aid Summit Navigating the 2.0 Galaxy - September 23, 2021 (Virtually)

Greetings Legislative Staff,

CBHA is proud to host our **4th Annual Mental Health First Aid Summit: Navigating the 2.0 Galaxy** on September 23rd, 2021 from 9:00 AM - 1:30 PM PST.

CBHA is excited to welcome back speakers from the National Council for Mental Wellbeing, the California Department of Education, national trainers, and other behavioral health leaders. Participants will learn about the latest MHFA updates, grant opportunities, current legislation, and how they can improve outreach and access to behavioral health resources for those who need services.

The COVID-19 pandemic has touched the lives of every Californian, causing feelings of grief, stress, and anxiety. Oftentimes, constituents in crisis will contact their local representatives for help and direction. This event is a great training opportunity for district and Capitol office staff, especially those who work directly with constituents, to be trained on how to effectively manage crisis situations from a behavioral health perspective. This event is FREE and open to the public, and we invite you to join us on September 23rd.

If you have any questions, please reach out to Sage Miller at smiller@ccbha.org.
