## CBHA included in MolinaCares \$1.6 million grant funding!

Dear Colleagues,

### In collaboration with Molina Healthcare of California, the MolinaCares

Accord (“MolinaCares”) yesterday launched its California Equity and Accessibility Initiative with an initial \$1.6 million to advance health equity throughout the state.

Established by Molina Healthcare, Inc., the MolinaCares Accord oversees a community investment platform created to improve the health and well-being of disadvantaged populations by funding meaningful, measurable, and innovative programs and solutions that improve health, life, and living in local communities.

CBHA is excited to announce MolinaCares Accord is including us in the California Equity and Accessibility Initiative investment! **The funds will support training for staff at the 13 National Suicide Prevention Lifeline Call Centers of which 5 are CBHA member agencies.**

CBHA is proud to partner with MolinaCares to support the call centers that will soon field calls once the 9-8-8 line is activated in July of 2022. Click the button below to read MolinaCares announcement. CBHA will follow-up with more information about the grant and the implementation of the training programs.

In Service,
